

WHY A WDSF ID CARD?

The WDSF is growing from year to year and the amount of athletes taking part at WDSF competitions is at a point where the administrative efforts are getting overwhelming. To solve this problem the WDSF has decided to issue ID-Cards to all of their active athletes. This ID-Cards will give you the following advantages:

- You won't have to sign the "AntiDoping Form of Consent" at the competition anymore.
- Your registration and check-in procedures will be much quicker.

It won't be necessary to have your passport or national ID-Card on you for identification at a competition.
- Your name will always appear correctly in the results.
- Your world ranking points will always be assigned as they should.
- You can show that you are a WDSF Athlete!

HOW DO I APPLY?

The application process is relatively simple and done in two simple steps.

- Fill out the online form, which can be found in the ID Card section of the WDSF website
- Send your application to Dancesport New Zealand to be processed, then they will send your personal WDSF ID card directly to you in the mail.

Please also note that all couples must have valid WDSF ID Card's in order to compete in WDSF sanctioned events in New Zealand as well as the 2013 Australian Dancesport Championships. In accordance with WDSF rules, any athlete who doesn't hold a valid ID card will not be able to compete so we kindly encourage you all to apply as soon as possible to avoid disappointment.

For any assistance of queries with the process please direct your enquiries to Antonio Micheli at antoniodance@me.com
